Dmitri Shostakovich: Seven Romances after poems by Blok, opus 127  
*for soprano, violin, cello and piano*

Jean Françaix: Piano trio

French chansons by Édith Piaf a.o.

Especially for the occasion of the Russia year, we are going to explore the artistic richness of this fascinating country, with Shostakovich' piano trios and his Seven Romances. For this work, we will collaborate with the Dutch soprano Charlotte Riedijk. In the 2014/15 season we will work with her even more intensively, with a surprising set of songs from outside the classical world, by the French chanteuse Édith Piaf and others.
